Why do we need your data?

We will hold and process your data in order to assist you with obtaining a first charge mortgage or insurance product. If you do not provide the information we request, we will be unable to assist you in obtaining the right mortgage or insurance option. We will only collect the data we need.

What right do we have to process your data?

Fluent is regulated by the Financial Conduct Authority (FCA www.fca.org.uk), which means we are accountable for the products and services we provide. We are obligated to maintain detailed records of transactions with customers and so we process your data on the basis of **“processing is necessary for compliance with a legal obligation”** and **“Legitimate Interest”** as set out by the Information Commissioner's Office (ICO www.ico.org.uk).

What do we do with your data?

All of the personal data we hold about you will be processed by our staff based in the United Kingdom. 'Personal Data' is data that identifies you as an individual.

Your information may be stored on a cloud-based system whose servers are located within the EEA. We take all reasonable steps to maintain the security of your data, and we are ISO27001 accredited. Our data storage provider is Lantec and their privacy policy can be found at <https://www.lan.co.uk/support/>

We act in a broking capacity; we are not a lender. In order to help you achieve the finance or insurance you require, we will need to share your data with a lender or insurance company at the appropriate time. We pride ourselves on our systems and we take great care over how we process customer data, and ensure it is done securely and safely at all times. We want you to be confident in Fluent and be assured that we take the security and privacy of your data seriously.

Fluent also believe you should be fully informed about other organisations we may share your data with and have the opportunity to look at how they may handle your information. We have therefore provided links to all the lenders and insurers that we use. If you wish to view their Fair Processing Notice, please follow the links as listed at the end of this document.

During the processing of your application, your data may be utilised in conjunction with our third-party suppliers for the purpose of identity verification or fulfilment of our marketing communication strategy. We will remain the data controller in all instances.

We may also, with your permission, contact you in the future to discuss your mortgage or related relevant products. Your preferences around this contact will be obtained during your initial contact with Fluent Money, and you have the right to amend these preferences at any time.

How long do we keep your data?

Fluent is an FCA regulated firm and we need to retain full and detailed records of all of our customer transactions where they have taken place in order to meet regulatory requirements. We feel it is important to be able to retrieve any of our records for an appropriate time to respond to or support customer or regulator enquiries.

Fluent have taken the decision to retain customer records on the following basis;

Stage in regulated process	Term of retention	Action after term of retention
Where no regulated advice has been provided	Retain data for 2 years	Pseudonymise (make unidentifiable)*
Where regulated advice has been given but not taken forward	Retain data for 6 years from the date of advice	Pseudonymise (make unidentifiable)*
Where regulated advice has been given and the transaction completed	Retain for a total period of the completed product term plus 6 years	Pseudonymise (make unidentifiable)*

*except where you have given us consent for marketing

Credit Reference Agency Data

At Fluent, we help customers obtain finance by a number of means. In order to get a picture of your true credit position, we access and search your credit file with a credit reference agency.

We believe in informing customers at all stages about searches we carry out and we will seek your permission to complete these when they become necessary.

If you wish to know how the credit reference agencies will treat your data, please see their policies via these links:
